In view of the ultimate performance we have a wide range of fixings designed to suit your application. The range also includes custom sizing and finishes which are readily available.

Take a look inside to discover 'finish with distinction'.

- 1 Introduction
- 2 Decorum Flat
- 4 Decorum Shadow Line
- 6 Decorum Concealed Fix
- 8 Decorum Masonite
- 10 Decorum PVC
- 12 Specifications

Decorum Flat

Finish with distinction.

The adhesive fix, aluminum skirting provides a flat and minimal look finishing off walls at floor level. Decorum Flat skirting is stocked in a wide range of widths, also custom sizing available providing extra flexibility.

For the ultimate bonding we recommend Zip Grip adhesive.

Features of Decorum Flat

- Available in a range of powder coat and anodise finishes;
- Stock length 3.6m;
- Custom widths available; and
- Range of stock sizes in natural anodized.

Decorum Shadow Line

Finish with distinction.

The modern look skirting provides a neat finish to the base of plasterboard walls. Skirting 'steps back' from plasterboard surface creating a distinct shadow line finish. Decorum Shadow Line skirting is popular in both residential and commercial applications.

Features of Decorum Shadow Line

- Available in a range of finishes;
- Installed prior to plasterboard;
- and
- Suits 13mm Plasterboard.

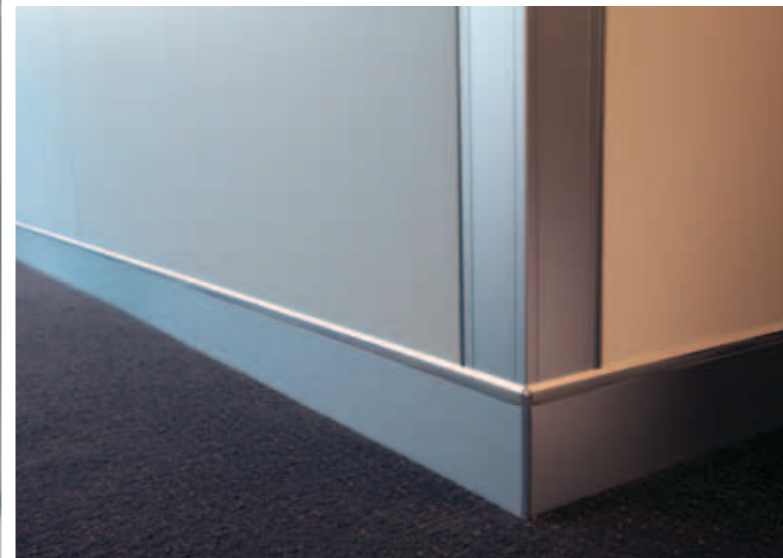

Decorum Concealed Fix

Finish with distinction.

The neat, screw fix skirting gives character and finish to walls, with a small rubber tape creating a feature whilst covering fixings. The concealed fixing enables skirting to be removed in view of accessing services. This is available in a range of colours and sizes.

Features of Decorum Concealed Fix

- Available in 100 and 150mm widths;
- A variety of powder coat and anodise finishes;
- Reusable; and
- Concealed screw fix.

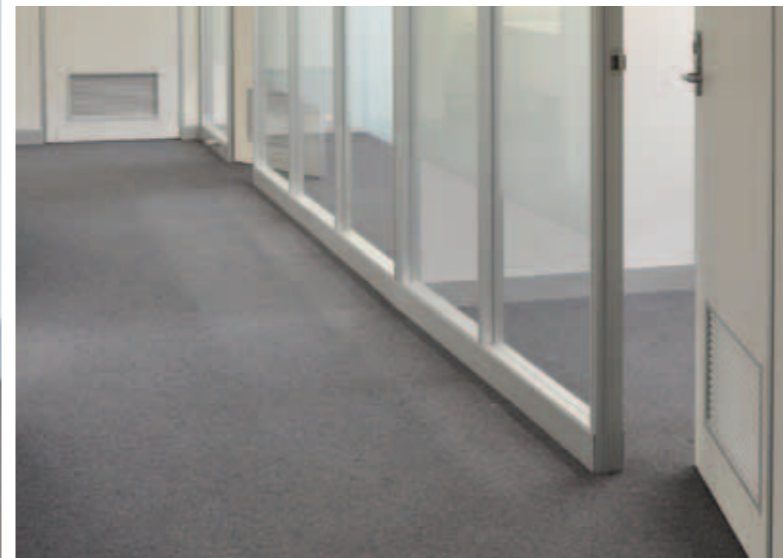

Decorum Masonite

Finish with distinction.

The masonite skirting includes a range of prefinished skirting. This economical and versatile range features a bull-nosed top edge which blends the skirting into the wall.

Features of Decorum Masonite

- Stocked in; Black, APO Grey, Primed and Raw finishes;
- Stocked in 100 and 150mm widths;
- Custom sizes and colours;
- Thickness 4.8mm; and
- Stock length 3.6m.

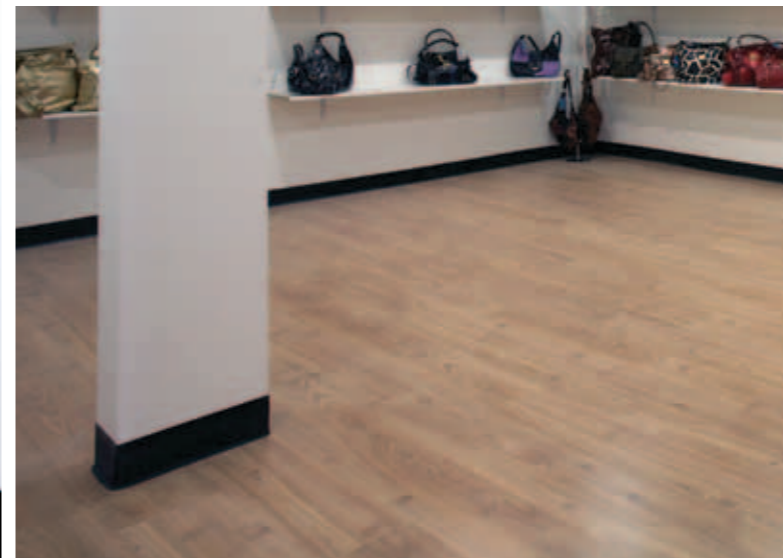

Decorum PVC

Finish with distinction.

A durable skirting often used in industrial and high traffic areas. The adhesive fix PVC skirting provides protection and finish to walls and surrounds. Its flexible nature gives scope for columns and curved walls ensuring simple installation.

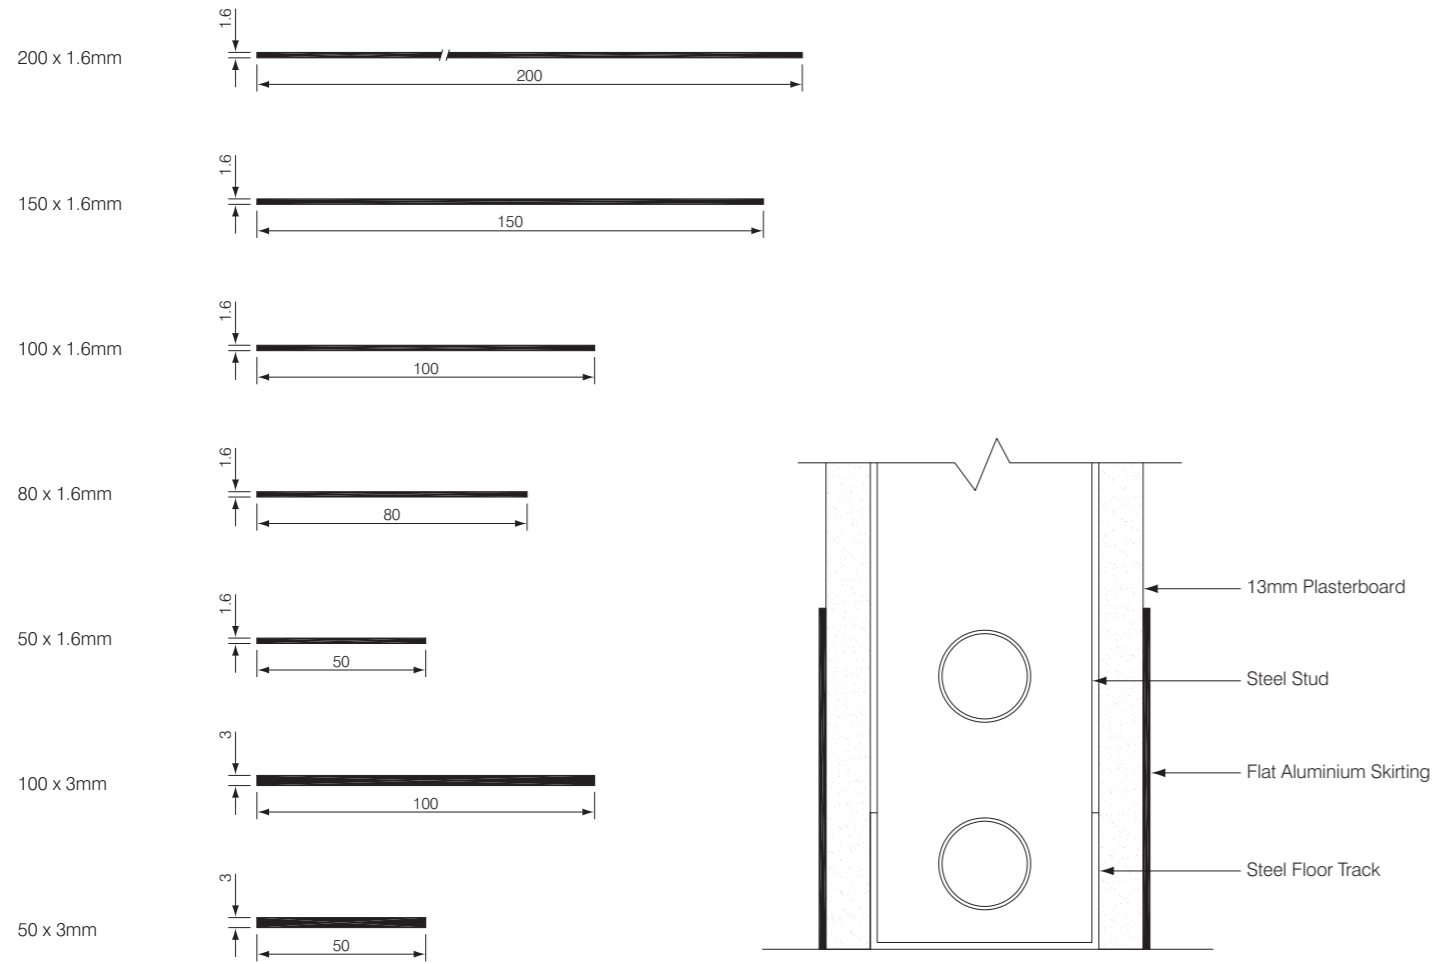

Features of Decorum PVC

- Available in black, dark grey and light grey;
- Adhesive fix;
- Unobtrusive to floor space; and
- Featheredge and flat designs available.
